WHO WE ARE

The Pandora Consort shares historical music and stories that uplift historically marginalized composers, particularly early female composers. We are committed to crafting performances that push the boundaries of the traditional Classical concert format and provide greater accessibility to new audiences through multimedia, interactive performance, and multi-genre collaboration. In pursuit of creating new works, we collaborate with emerging artists from all mediums, building a collection of materials that support historical music research and scholarship.

OUR HISTORY

The ensemble was founded by alumni of the Longy School of Music; Kendra Comstock, Angie Tyler, and Gina Marie Falk. The Pandora Consort debuted their first program in the Summer of 2022, Vox Feminae with SoHIP Boston, showcasing compositions by female Baroque composers. Following the success of Vox Feminae, the Pandora Consort launched the annual Worlds Collide Series, a groundbreaking initiative that unites emerging musicians from diverse genres across Boston. This series encourages the creation of original genre-blending compositions while raising funds for local charities.

Since their debut season, the Pandora Consort has continued to push the boundaries of Classical music performance, receiving grant support from the Anna Sosenko Assist Trust, the Mixtape Recital Series, and the Cambridge Arts Council.

The Pandora Consort has performed on the New York State Baroque and Pegasus Early Music Young Artist Series, SoHIP Boston Summer Concert Series, the Saint James World & Early Music Series (PA), King's Chapel Concert Series (MA), Salon Avec Moi (NYC) and the BEMF Fringe Series. In the Summer of 2025, the Pandora Consort was the ensemble-in-residence at the Portland Bach Experience, performing works of Hildegard and JS Bach throughout Southern Maine, and at the Sable Project in Vermont, leading workshops on shape-note singing.

The ensemble is committed to educating the public on lesser known early music repertoire and bringing early music to unconventional performance spaces, performing everywhere from basements, to bookstores, to homes and outdoor venues.

Hildegard Reanimated: Vision in Vision

The Pandora Consort explores the mystical visions of Hildegard von Bingen through her illuminations and music. Taking inspiration from her life, the concert program focuses on four of Hildegard's most famous visions that influenced her spiritual philosophy. By combining music, art, and movement, this performance brings to life the stories of Eurydice, Susannah, Cleopatra, and other historical heroines. Inspired by the lives of these figures as well as the women who set their stories to music, this program features works by early female composers: Barbara Strozzi, Antonia Bembo, Isabella Leonarda, and Elisabeth Jacquet de la Guerre. The Fire Within Her: An American Folktale About Women's Liberation

The Fire Within Her: An American Folktale About Women's Liberation is a powerful folk opera that weaves together the voices of trailblazing women across centuries. From Anne Hutchinson's defiance in Puritan Boston to Susan B. Anthony's fight for women's suffrage to Betty Friedan's challenge to the "feminine mystique," their stories unfold through shape-note songs, Shaker hymns, protest anthems, and contemporary folk music. Through resilience, courage, and song, The Fire Within Her ignites the voices of the past to inspire today's changemakers.

The Witching Hour

The Pandora Consort presents a musical exploration of the role of women and witchcraft throughout history. This performance features vocal works ranging from Hildegard von Bingen to New England folk songs to ensemble works by living composers Amy Beth Kirsten and Kerry Andrews. The music is accompanied by poetry and art that embodies the spirit of rebellious women, and it draws from historical accounts of accused witches and witchcraft with a modern interpretation of creating one's own feminine power. The Pandora Consort and guest vocalist Lea Peterson weave a musical spell you'll not soon forget.
